

**NO FUSS,
NO MESS!**

SEPTIC SYSTEMS

do fail...and they are expensive to repair. For pennies a day your system can live a long, healthy and productive life

"Septic beds that required monthly pumping are now functioning as if they are brand new"

Denis Martinek, Tyrolean Village Resorts at Blue Mountain

A 120 mL "one shot" of SciCorp BIOLOGIC® SR2 added to your toilet once a month will:

- ✓ Fix your plugged drain field without digging
- ✓ Eliminate solid/slime build up in your septic tank and drainfield
- ✓ Significantly reduce the frequency of septic tank pump outs
- ✓ Stop odour during pump outs and periods of heavy use
- ✓ Improve the environmental performance of your system
- ✓ Check out scicorp.net for the science behind the technology

"I believe that BIOLOGIC® SR2 is an excellent product"

Brad Hoover, Operations Manager, Ontario Clean Water Agency, Georgian Bay Hub

Environmentally friendly wastewater treatment and odour solutions for HOME OWNERS, BUSINESSES and MUNICIPALITIES

BIOLOGIC® SR2

- Ecologo approved
- Reviewed by Ontario Ministry of the Environment
- Long shelf life
