

## Sustainability Policy

---

SciCorp operates as a manufacturer of environmentally friendly wastewater treatment products. Our mission is to deliver innovative solutions while minimizing our environmental footprint and enhancing community well-being. This report serves as a transparent account of our sustainability initiatives and performance.

SciCorp is dedicated to advancing sustainable practices in all aspects of its operations. Our Sustainability Report highlights our achievements, challenges, and commitments for the reporting period. The report aligns with Ontario government regulations, demonstrating our accountability to stakeholders and the environment.

SciCorp's commitment to sustainability reflects our values and dedication to making a positive impact. We will continue to innovate and collaborate with stakeholders to achieve our sustainability goals, ensuring a thriving environment and society for future generations.
